Correction Notice #1

Dear Hiro Ikeda:

We have reviewed the Structural Engineering Correction Notice #1 dated September 23, 2022. Please refer to supplemental calculations dated September 30, 2020 for corrections referenced in our responses. Please see our responses to comments below.

PERMIT COMMENT RESPONSES

1. *It appears new equipment platform per SBC 505.3 is proposed. Provide revised architectural drawing. The revised architectural drawing shall show the following:*

- A) *platform plan and the location (floor level) of the proposed equipment platform*
- B) *section detail clearly showing guards per 505.3.3.*

Response: Refer to Architectural Response Letter

2. *See plan note #2 on sheet S6.20. The approved construction plan set does not have sheet S6.21. Include sheet S6.21 on this revision permit.*

Response: Please see attached sheet S6.21.

3. *Provide structural calculation of the proposed equipment platform. Show that the complete lateral load path is provided.*
