**Subject:** [EXTERNAL] CMP - 1032 S Jackson St - Approved

Hello,

The Construction Management Plan (CMP) for the project at **1032 S Jackson St** has been **approved**.

All permit related information must be submitted through the Seattle Services Portal. Street Use application requirements and resources can be found at our website at the link below.

Street Use permit website: <http://www.seattle.gov/transportation/permits-and-services/permits>

Please forward this approval to the Seattle Department of Construction and Inspections (SDCI) to satisfy the MUP condition.

*Please note: CMP approval does not constitute as an approval of the planned closures or traffic control outlined in the CMP without the proper permits, nor does it supersede any required Street Use permits. Any activity in the Right-of-Way must have an approved permit prior to any closure or work taking place.*
